

License for SPSS and SAS

To obtain a program license for

- SPSS 25
- SAS 9.4 (for 64 bit Linux and Win 7, 8.1, 10)
- STATA IC/16

1. Print and fill in an **SPSS, SAS, STATA** form
2. Send scanned, signed form (can be a photo) to **licencje@wne.uw.edu.pl**
STUDENTS should use email with the domain **@student.uw.edu.pl**,
EMPLOYEES should use email listed on the employee's **profile on the Faculty's website**

After completing the above procedures, you will receive an e-mail notification to the address provided in the form and access to installation files along with installation instructions.

See the "Download SAS, SPSS" installation instructions for downloading
(<https://www.wne.uw.edu.pl/en/faculty/computer-laboratory/>)

The license should be used in accordance with the rules of the University of Warsaw and in accordance with the manufacturer's license.

1. Each user must accept the manufacturer's license terms.
2. The right to use the license is issued for a year and must be renewed every year.
3. The User may not copy, share the software or the installation key.
4. The software can be used for scientific and research purposes only.
5. For non-scientific purposes (UW administration), you can use the IBM SPSS package. The license for the IBM SPSS package allows UW organizational units to be used also for commercial purposes.
6. The user loses the right to use the license and must uninstall the software in the following situations:
 - after graduating from the University of Warsaw (student);
 - after expiry of the employment relationship (employee);
 - after the license ends - the contract expires or terminates;
 - at the request of the licensor or University in case of suspected violation of these rules.
